

Introducing

 **Ask Hank!**

Your AI-Driven Car Wash Support Assistant

Welcome to the future of car wash maintenance and support. With Ask Hank!, the first of its kind in the industry, managing your car wash has never been easier or more efficient.

Focused Information Searchability

Embedded within the Spot-On Platform's System Maintenance Module, Hank is not just any assistant, he is a personalized AI Specialist focused on the needs and nuances of your specific car wash location(s).

- **Personalized Support:** Unlike generic support tools, Hank is tailored to know your site inside and out, utilizing a comprehensive repository of materials applicable to your operations such as SOP's, Employee Handbook, equipment manuals and more.
- **Context-Aware Assistance:** With the ability to reference recent Help Tickets and Work Orders, Hank offers solutions that consider your site's latest activities and needs.
- **Troubleshooting Assistance:** Access to Help Tickets allows Hank to use data analytics to spot recurring failures and promote proactive measures for resolution.

Expand Search Horizons with Bob

For inquiries beyond Hank's scope, questions can be posed to Bob, the AI Generalist, who brings in wider internet search capability, tapping into industry-wide knowledge and resources including car wash message boards, support forums, vendor websites, and companies specializing in car wash.

- **Continuous Learning and Updating:** Both Hank and Bob refine their responses based on user interaction and follow-up questions, ensuring accuracy and relevancy in every answer.
- **Targeted Results:** Both Hank and Bob are able to provide hyperlinks to relevant documentation stored in our proprietary database when that source is part of an answer.

How it Works

 Ask Hank!

1 Pose Your Question:

Simply ask Hank any question related to your car wash operations.

2 Receive AI-Driven Support:

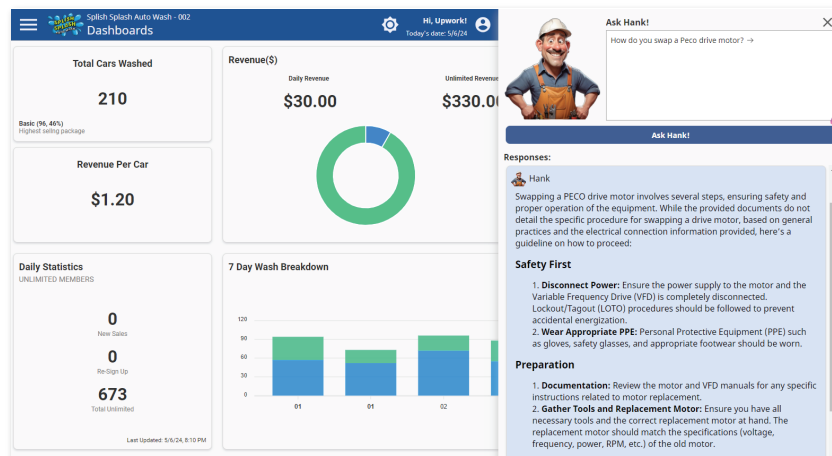

Hank instantly sifts through its database to provide you with the most relevant information and solutions.

3 Get Hyperlinked Documentation:

For detailed follow-up, Hank supplies direct links to in-depth materials from our extensive library.

4 Seek Further Assistance with Bob:

If Hank can't find the answer, ask Bob the question which expands the search to gather insights from across the car wash industry.

Ask Hank! revolutionizes car wash maintenance and support with cutting-edge AI assistants, that provide a platform for success tailored precisely to your needs. Welcome to smarter, more efficient car wash operations. *Welcome to Spot-On.*
